

20.01.2025

Ertem Matbaası,

We as Sun Chemical supply to you the process Inks, Pantone main and spot colors which are manufactured as vegetable based and mineral oil free. The inks also do not contain

lead, arsenic, antimony, barium, cadmium, crom, mercury, selenium

like heavy metals. Moreover, do not contain **SVHC (Substance of Very High Concern)** which updated for every 6 months in terms of **REACH Regulation** in EU.

Sincerely,

Engin YILDIRIM

Paste Inks Technical Manager
